

MILL CREEK VISION
CONTACT LENS EVALUATION & FOLLOW-UP FEES

Contact lens prescriptions are not considered part of a routine vision exam and require a separate contact lens fitting. If you are a contact lens wearer and would like a contact lens prescription the **fitting fee is \$83**. This fee is usually not covered by most insurance plans and is payable and due by the patient at the time of service.

If you require follow-up visits the additional charge is \$49 per visit.

By signing this form I acknowledge that I have read and understand the contact lens fees and understand payment is due at the time of service.
